

CLIMATE ACTION

HOW CAN YOU PLANT A TREE FROM THE COMFORT OF YOUR SOFA?

With thanks to <https://www.ecosia.org> for the use of these images.

HOW CAN THE SUN AND A BROKEN FREEZER ACTUALLY HELP TO KEEP FOOD FRESH?

SOLAR POWERED
FRIDGES IN NIGERIA
ARE REDUCING
CARBON EMISSIONS,
PREVENTING FOOD
WASTE AND REUSING
OLD FREEZERS.

With thanks to Practical Action for the use of this image.

With thanks to <https://www.yoummasolar.com> for the use of these images.

HOW DOES THIS FACTORY USE POO TO POWER THE BUS?

With thanks to geneco for the use of this image.

**LOTS OF PEOPLE AROUND THE WORLD
EAT INSECTS AS A GOOD SOURCE OF
PROTEIN INSTEAD OF MEAT.**

**IF YOU DON'T
LIKE THE SOUND
OF SMOKY BBQ
CRUNCHY CRICKETS,
WHAT ABOUT EATING
LESS MEAT AND
DAIRY?**

CLIMATE ACTION

**WHAT'S THE MOST PLANET-FRIENDLY
WAY TO FLY IN THE FUTURE?**

**FLYING IS THE MOST DAMAGING FORM OF TRAVEL
FOR THE PLANET. NEW PLANES ARE BEING DEVELOPED
THAT ARE POWERED BY HYDROGEN AND INSTEAD ONLY
RELEASE WATER INTO THE ATMOSPHERE.**

READY FOR TAKE OFF BY 2035!

HOW CAN SEAWEED FIGHT CLIMATE CHANGE?

Image: Shutterstock

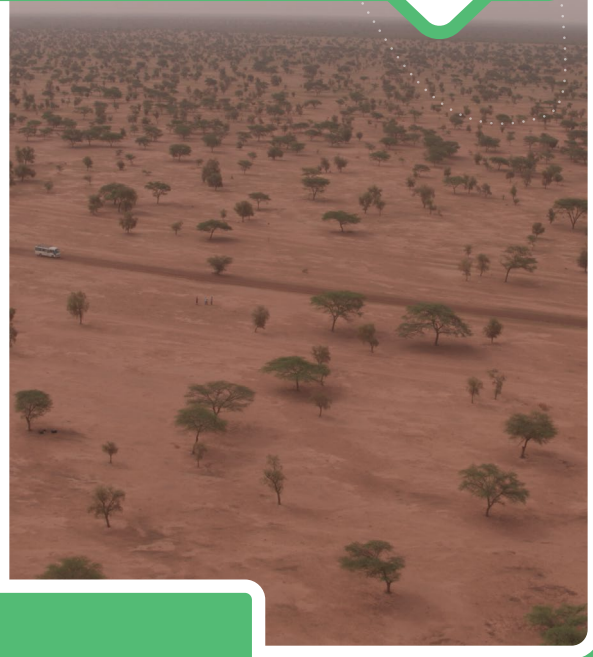

**SEAWEED LOCKS IN LOTS
OF CARBON AND HAS THE
POTENTIAL TO PROVIDE
SUSTAINABLE ENERGY IN
THE FUTURE.**

YOU CAN EAT IT TOO!

HAVE YOU HEARD OF THE GREAT GREEN WALL?

With thanks to Make Waves and Practical Action for these images.

A WALL OF TREES BEING BUILT ACROSS THE WHOLE OF AFRICA WILL FIGHT CLIMATE CHANGE WHILST PROVIDING FOOD AND JOBS FOR LOCAL PEOPLE.

THE GREAT GREEN WALL WILL BE THE BIGGEST STRUCTURE ON THE PLANET BY THE TIME IT IS COMPLETE - 3 TIMES THE SIZE OF THE GREAT BARRIER REEF.

CLIMATE ACTION

HOW CAN ICE AGE ANIMALS IN THE ARCTIC HELP LOCK AWAY HUGE AMOUNTS OF CARBON?

With thanks to www.pleistocenepark.org for these images.

ANIMALS LIKE BISON AND REINDEER ARE FIGHTING CLIMATE CHANGE IN A SIBERIAN NATURE RESERVE CALLED 'THE PLEISTOCENE PARK'. BY TRAMPLING AND COMPACTING THE GROUND, THESE ANIMALS ARE KEEPING THE PERMAFROST FROZEN – MEANING CARBON AND METHANE STAY TRAPPED IN THE GROUND.

CLIMATE ACTION

HOW DOES A STRAW HOUSE HELP TO STOP CLIMATE CHANGE?

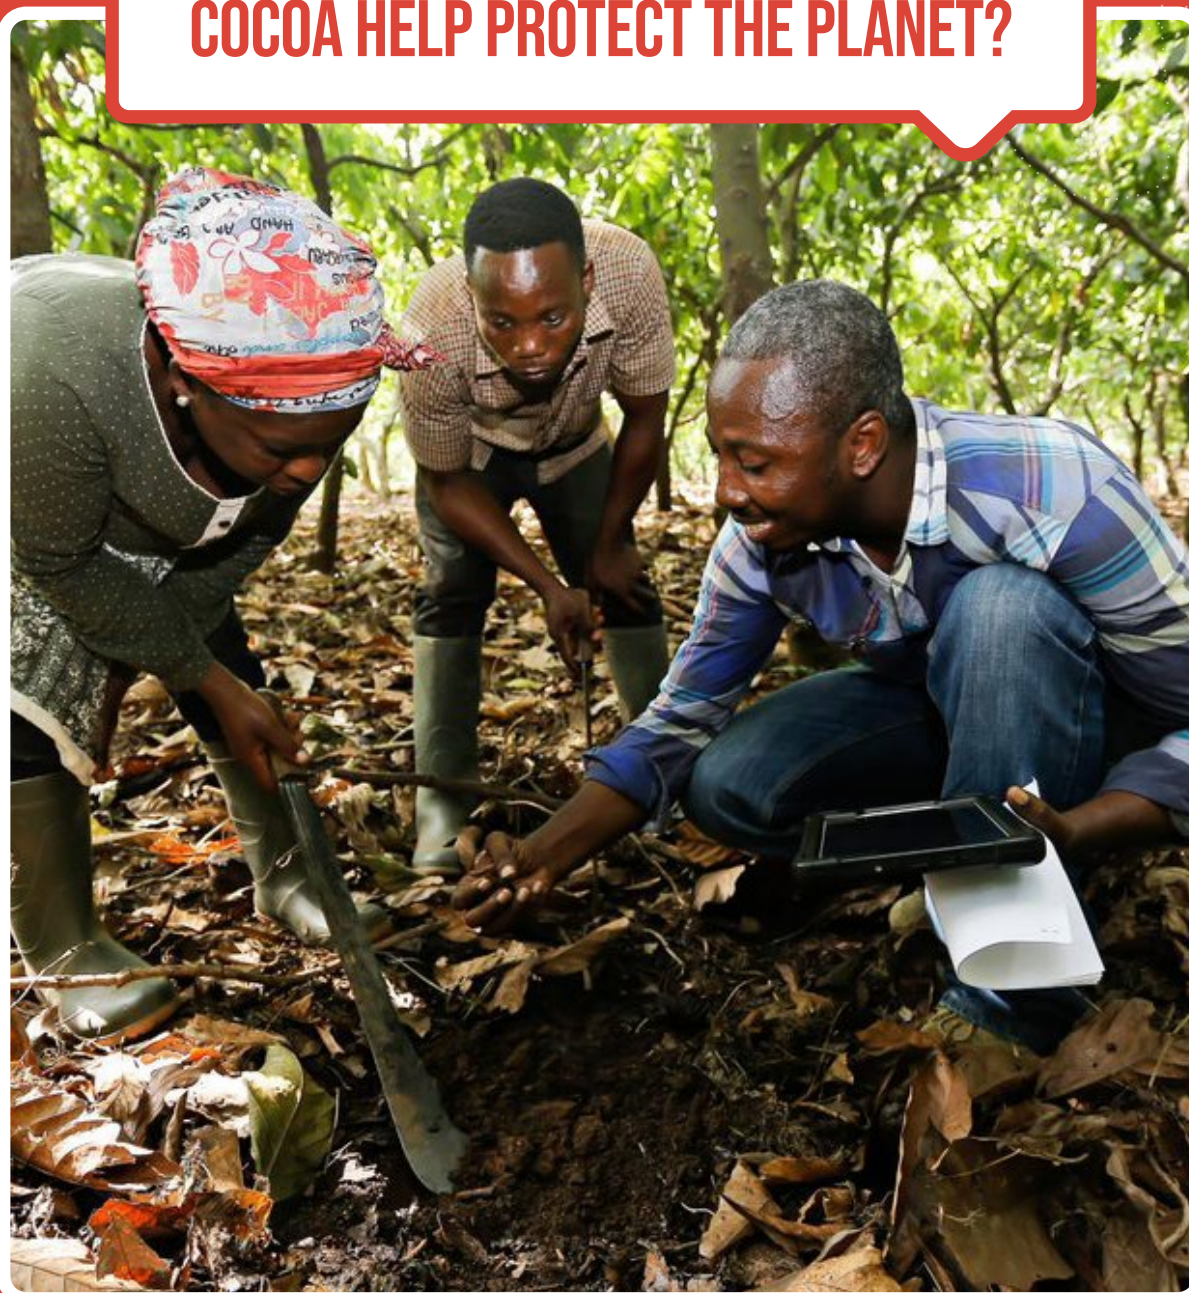

With thanks to LILAC community in Leeds and Andy Lord for these images.

CLIMATE ACTION

HOW CAN NEW WAYS OF GROWING COCOA HELP PROTECT THE PLANET?

With thanks to The Rainforest Alliance for this image.

COCOA GROWN IN THE SHADE OF OTHER TREES STOPS LARGE AREAS OF FOREST BEING CUT DOWN FOR COCOA PRODUCTION. THE SHADING TREES ALSO DO A GREAT JOB OF LOCKING IN LOTS OF CARBON.
